Why Drama?

A fun, supportive environment to develop social skills, empathy, cooperation and insight.

Stimulates imagination, improves self-confidence and problem solving skills.

Poems, stories and plays promote an expanded world view.

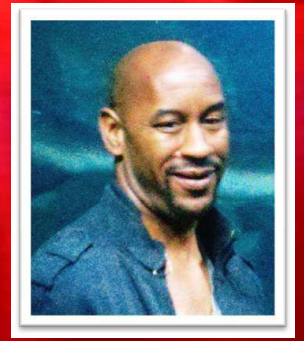

Teaches participants to trust their instincts, ideas, and abilities.

Allows for the exploration of feelings while discovering behavioral alternatives. Aggression and tension are released in a safe, controlled environment reducing anti-social behaviors.

Erin Mahone

Rising Stars is facilitated by Home for Good Mental Health Clinicians Erin Mahone, B.A. and Floyd Miller, M.Ed. Erin is a professional performing artist and Floyd is a published poet.
